

~~~~~7th Grade Summer Reading~~~~~

Dear Parents and Students,

May 2023

Students entering seventh grade have a summer reading assignment they need to complete before returning back for fall semester. The name of the book for this assignment is *The Pigman* by Paul Zindel. While reading this book, it is recommended that students take notes on the chapters and keep a character list. This should help to refresh one's memory when analyzing this book in class. We will be working with this book during the first few weeks of school. This will include taking a test. **Students should keep their literary elements handouts and notes in their binder from this year and bring them back to school on the first day.**

Have a great summer and happy reading!

Mrs. Riordan
