

Directions for Ipad

1. Open your iPad cover and turn on the power button located on the top right.
2. You will see 'Choose a Wi-fi Network' Find your home's Network. Enter the password to your home's WiFi. _____

(If you do not get this prompt you will need to go to the Settings on Ipad.)

3. Swipe your screen to the left or right until you find the Google Chrome Icon.

4. Click on the Google Chrome Icon
5. There will be a Sign in screen for your Google account. You will see Turn on Sync. Click blue **Add Account**. (You may see the Google home screen instead. If so click on the person icon on top right of the screen and you will get the sign in prompt.)

Person Icon
