

~~**~~**~~6th Grade Summer Reading ~~**~~**~~

Dear Parents and Students,

May 2023

Students entering sixth grade have a summer reading assignment they need to complete before returning back for fall semester. The name of the book for this assignment is *Among the Hidden* by Margaret Peterson Haddix. While reading this book, students need to take notes on each chapter and keep a list of the main characters with descriptions. This should help to refresh your memory when using this book in class. We will be working with this book during the first few weeks of school. This will include taking a test. Please bring all materials to class each day, including your book and notes. I will be checking everyone's chapter notes and character list. Make sure you do this!

Have a great summer and happy reading!

Mrs. Riordan
